Subject Access Request

Police company name or Name of a person here,

I am writing to formally make a “Subject Access Request” for a copy of information that you hold about me to which I am entitled under the General Data Protection Regulation 2018. Please answer all the following questions without undue delay from the date of service in line with the regulations of the GDPR;

1. Is your claim against the legal fiction or against a living woman?
2. What is the name of the man or woman that claims I owe them money?
3. I require you to provide the contract which clearly shows my signature and the signature of a man or woman that I have a contract with, and to provide full terms & conditions?
4. What law are you relying upon to bring a monetary claim against I, a woman?
5. Prove that I, as a living woman, hold a title, and where that title originated.
6. What is the name of the dedicated data controller for **Police company name**?
7. How did you obtain my personal data?
8. In what fiduciary capacity has **Police company name**, accessed, processed, stored and shared the data for **Your name**?
9. For what purpose and for what reason have **Police company name**, been accessing, processing, storing and sharing my data?
10. With whom was my data shared without my consent?
11. I also require **Police company name** to provide evidence, in writing, for my consent to access, store, process, hold and share my data.

If you do not normally deal with requests, please pass this to your data protection officer or relevant staff member, to respond forthwith.

As I still believe you have unlawfully obtained and processed my data, I will make further enquires with outside organisations in regard to a private prosecution of all the men and women involved with this false claim and harassment of myself via a legal entity for a monetary gain by way of a constructed fraud.

My position is noticeably clear. I am a living soul; a self-conscious being; a moral agent; especially, a living human being; a woman; an individual of the human race; -also, among Trinitarians, one of the three subjects or agents constituting the godhead, that is, the Father, Son, and Holy Spirit.

I am not a 'person' as defined in the 'Interpretation Act 1978'
"Person" includes a body of persons corporate or unincorporate.

All 'acts' that apply to a 'person', according to their Interpretation Act do not apply to 'a human being' but to either a corporation or something of which there is more than one.

To refer to a living man or living woman (a human being) as a corporation or more than one thing is to turn that man or woman into a fiction, a non reality and done so by deception.

Without malice aforethought, ill will, vexation or frivolity,

.....
